Our school strategies are on track to meet or exceed our targets

During 2014, we have focused on maximising the benefits of this funding for our students. After reviewing our *Great Results Guarantee* agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our strategies to ensure that every student succeeds.

Strategies implemented include:

- Building capacity of Instructional leaders by providing access and opportunity to participate in Professional Development in Inter-Regional Numeracy Project, Explicit Instruction, Sheena Cameron's 'Teaching of Reading Comprehension', and 7 Steps to Writing.
- Use an ongoing process of identifying student's current achievement level, determining the student's future learning needs, teaching to these needs, re-assessing effectiveness of the teaching strategy and then embarking on the next learning cycle.
- Development of Evidence Based Plans for students at risk of not meeting NMS in NAPLAN in 2014.
- Established a Playgroup that operated fortnightly at the school to develop 'Pre-Prep' capability and capacity with the (0-5) age group within the Thargomindah community.
- Developed a Whole-of-School plan to teach reading and spelling with short-term data cycles to inform effectiveness of teaching and learning.
- Regularly report and publish actual and desired attendance targets to improve school-wide attendance.
